

NIST AI 100-2e2025 Errata (Potential Updates)

(Last updated on June 3, 2025)

Publication ID: NIST AI 100-2e2025

Publication Date: March 2025

Link: <https://doi.org/10.6028/NIST.AI.100-2e2025>

Publication Details: <https://csrc.nist.gov/pubs/ai/100/2/e2025/final>

The following list compiles known typographical and editorial errors identified in NIST AI 100-2e2025, along with corrections and attribution where available. Note that these proposed corrections are not official changes to the document but may be incorporated in a future errata update.

1. Location: Page X, Section: “Predictive AI and Generative AI Taxonomy Index” under:

- Generative AI Attacks Taxonomy
 - Availability Violations (ID: NISTAML.01)

The original index entries:

- * Data Poisoning (ID: NISTAML.013)
- * Indirect Prompt Injection (ID: NISTAML.015)
- * Prompt Injection (ID: NISTAML.018)

should be replaced with the following, correct entries:

- * Manipulate Resources (ID: NISTAML.016)
- * Time-Consuming Tasks (ID: NISTAML.017)

Reported by: Jeff Brewer (May 21, 2025)
